Dear Parent/Carer,

Re: Year 13 Intervention sessions

We are looking forward to our Year 13 students having a successful year at St Bernard's High school. Throughout the year, there will be a number of intervention sessions delivered by staff. We have produced a centralised timetable to support students. Staff will be delivering targeted intervention for students who have been identified through our data tracking and target setting systems. Departments will inform student and write to you to make you aware if your child is to attend. During the year, we will refresh the days and times when intervention run and, in the run, up to the exams, the programme will continue to be tailored to meet the needs of the students. Each year, in order to further support students, staff give of their time to target those who may need additional help with specified areas of the curriculum. This is put in place to support students to reach the aspirational targets that we set. We know that in providing these additional targeted sessions, students often go on to grow in confidence and achieve well.

Please find attached the timetable for this term. This timetable will be reviewed, and we will resend any updated timetables throughout the year.

Yours sincerely,

Mrs M Allitt
Deputy Headteacher
