

19 March 2026

Dear Parent/Carer,

As part of our commitment to the continuous review of our provision to all students, we are conducting a review into how we support children with Special Educational Needs and Disabilities (SEND). It's important to us that this process includes the voice of those whose children have (or have temporarily experienced) SEND, and we are sending this letter to parents/carers of all students at our school to ensure that the views of everyone who wishes to participate are captured.

We'd be very grateful if you would take five minutes to complete a short, anonymous online questionnaire which aims to gather your perspective on your child's experience at our school, focusing on SEND. If you have more than one child with SEND at our school, please complete the questionnaire once per child.

You can access the questionnaire here: [Parent/carers of children with SEND questionnaire](#)

Your responses to the questionnaire are anonymous but if you have any comments, questions or concerns that you would like to discuss directly, please contact our SENCo, Mrs Alexander, via [SEN@stbernards.southend.sch.uk](mailto:SEN@stbernards.southend.sch.uk).

Thank you for your participation and your ongoing support.

Kind regards

**Mrs S. Alexander**  
SENCo

**Mrs H Barnes**  
Headteacher
